

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as chronic constipation), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar, weaknesses, irritations and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak women, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

### Toederman Jury Hung.

The trial to determine the sanity of Frederick A. Toederman, which was the result of an action brought by Toederman's brother-in-law, Joe Smith, occupied the whole day Saturday before Judge Walker in the Probate court. The trial resulted in a hung jury, 7 being for the acquittal of Mr. Toederman on the insanity charge and 5 standing for his conviction.

The action against the defendant was brought some time ago by Joe Smith at the instigation of his sister, the defendant's wife. About 25 witnesses were examined. The witnesses for the prosecution, among whom were Mr. Toederman's wife and children, testified that the defendant was in the habit of prowling around the house at 3 o'clock in morning. And that he would enter the home and stare at the sleeping forms of his children. The witnesses also testified that Mr. Toederman would sometimes brandish a bowie knife and yell that spirits and the devil were after him. These and other facts were introduced by the prosecution in an endeavor to prove that Mr. Toederman was mentally unbalanced.

In refutation of this testimony the defense examined neighbors of the family who generally testified that Mr. Toederman behaved himself at all times. Chas. Lyons prosecuted the case with H. C. Wallace and W. H. Chiles opposing him for the defense.

### A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Crenshaw & Young's drug store. 50c and \$1.00. Trial bottle free.

### Want To Put Phones Here

W. R. Journey, president of the Citizens Telephone company of Higginsville, was in town trying to obtain permission from the city council to establish several instruments in Lexington as pay stations. He desires to put phones in the three private schools, the court house and the mill. The proposition contemplates giving the company practically the same status as that of the Bell company before it was connected with the local exchange. Mr. Journey says he realizes that the Lafayette Telephone company is giving good service in Lexington and that he has no idea of attempting to put in a competitive system here.

The Citizens company was organized recently and has a local system at Higginsville, 92 subscribers on the Borland line, 120 on the Robbins line and 300 in Corder. It also has service in Mayview and Odessa.

The city council in a special session Monday night listened to a discussion in regard to the installation of ten pay stations in Lexington by the Citizens Telephone company of Higginsville. Action in the matter was postponed until next Monday night, when the council will meet again.
